

## Preschool: February 2024

All eight students and their families were in attendance for our Christmas program December 15th. The children did a wonderful job singing their songs. Families enjoyed a meal catered by The Barn; thanks to a Thrivent Action Team and the stabilization grant.

We had another student join us in December which makes our enrollment up to nine. You can see all the children pictured above. Please continue to refer our program to family and friends!

In January, students learned about Jesus in the temple and his baptism. We also began learning about Daniel in the Lions Den and will then move on to David and Goliath.

These are two stories that we didn't cover last year, and so I'm excited to teach them!

The letters S, J, D, and P were learned.

We continue to use grant money for it's allotted purposes and are excited about our new "safe space" in the classroom.

Preschool Prayer Buddy assignments are coming soon!

I would like to thank those that remembered me with cards and messages at the passing of my father, Gary Earich.

I'd also like to thank the school board for helping and those that subbed for me while I was out.

Mrs. Kirkbride
